ASSIGNMENT AND AGREEMENT

For value received, I, **Lawrence O'Gorman**, of the City of Madison, in the County of Morris and the State of New Jersey, hereby sell, assign and transfer to **Veridicom Inc.**, a corporation of the State of New Jersey, having an office at 2338 Walsh Ave., Santa Clara, California, USA and its successors, assigns and legal representatives, the entire right, title and interest, for the United States of America, in and to certain inventions related to A **PROTECTIVE ENCLOSURE FOR SENSOR DEVICES** described in an application for Letters Patent of the United States, executed by me on this date of October 9, 1998, and all of the rights and privileges in said application and under any and all Letters Patent that may be granted in the United States for said inventions; and I also concurrently hereby sell, assign and transfer to **Veridicom Inc.** the entire right, title and interest in and to said inventions for all countries foreign to the United States, including all rights of priority arising from the application aforesaid, and all the rights and privileges under any and all forms of protection, including Letters Patent, that may be granted in said countries foreign to the United States for said inventions.

I authorize **Veridicom Inc.** to make application for such protection in its own name and maintain such protection in any and all countries foreign to the United States, and to invoke and claim for any application for patent or other form of protection for said inventions, without further authorization from me, any and all benefits, including the right of priority provided by any and all treaties, conventions, or agreements.

I hereby consent that a copy of this assignment shall be deemed a full legal and formal equivalent of any document which may be required in any country in proof of the right of **Veridicom Inc.** to apply for patent or other form of protection for said inventions and to claim the aforesaid benefit of the right of priority.

I request that any and all patents for said inventions be issued to **Veridicom Inc.** in the United States and to **Veridicom Inc.** in all countries foreign to the United States, or to such nominees as they may designate.

I agree that, when requested, I shall, without charge to **Veridicom Inc.** but at its expense, sign all papers, take all rightful oaths, and do all acts which may be necessary, desirable or convenient in connection with said applications, patents or other forms of protection.

ASSIGNMENT OF PATENT RIGHTS

WHEREAS, Veridicom, Inc., a Delaware corporation ("Assignor"), owns the patent application listed and described on Schedule A attached hereto (the "Patent Application"); and

WHEREAS, Assignor and ST Microelectronics N.V., a Dutch corporation, acting for the purpose of this Agreement through its Swiss branch, ("Assignee"), have entered into an Asset Purchase Agreement dated ~~May~~ JUNE 4, 2001, pursuant to which Assignor has agreed, *inter alia*, to grant to Assignee all of Assignor's right title and interest in and to the Patent Application and Assignee desires to acquire the entire right, title and interest in and to the Patent Application.

NOW, THEREFOR, for and in consideration of good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged:

1. Assignor hereby irrevocably sells, assigns, transfers and conveys to Assignee, throughout the world and in perpetuity, the entire right, title and interest: (a) in and to the Patent Application and any inventions disclosed therein (the "Inventions"); (b) in and to all rights to apply in any or all countries of the world for patents, certificates of inventions or other governmental grants on said Inventions, including the right to apply for patents pursuant to the International Convention for the Protection of Industrial Property or pursuant to any other convention, treaty, agreement or understanding; (c) in and to any and all applications filed and any and all patents, certificates of inventions or other governmental grants granted on said Inventions in the United States or any other country, including each and every application filed and each and every patent granted on any applications which is a division, substitution or continuation of any of said applications; (d) in and to each and every reissue or extension of said Patent Application; (e) in and to each and every patent claim resulting from a reexamination certificate for said Patent Application; (f) including, without limitation, the right to sue for and recover damages for any past, present or future infringement of the Patent Application; and (g) all other rights and licenses Assignor would have had if Assignor had not made the assignment made hereunder.

2. Assignor hereby covenants and agrees to cooperate with Assignee to enable Assignee to enjoy the fullest extent the right, title and interest herein conveyed in the United States and other countries. Such cooperation by Assignor shall include prompt production of pertinent facts and documents, giving of testimony, executing of petitions, oaths, specifications, declarations or other papers, and other assistance and instructions all to the extent deemed necessary or desirable by Assignee: (a) for perfecting in said Assignee the right, title and interest herein conveyed; (b) for complying with any duty of disclosure; (c) for prosecuting any of said applications; (d) for filing and prosecuting substitute, divisional, continuing or additional applications covering said Inventions; (e) for filing and prosecuting applications for reissue of said Patents Application; (f) for interference or other priority proceedings involving said Inventions; (g) for legal proceedings involving the Inventions, any applications therefor and any patents granted thereon, including without limitation opposition proceedings, cancellation proceedings, priority contests, public use proceedings, reexamination proceedings, compulsory licensing proceedings, infringement actions and court actions, provided that the reasonable expense incurred by Assignor in providing such cooperation shall be paid for by Assignee; (h) for aid in completing the filing and prosecution of a

nonprovisional application claiming benefit of the application; and (i) for obtaining from Assignor's counsel transfer to Assignee of all relevant documents and materials related to the Inventions.

3. Assignor warrants unto Assignee and further agrees that Assignor will, without demanding any further consideration therefor, at the request, but at the charge of Assignee, do all lawful and just acts including the execution and acknowledgment of instruments, that may be or become necessary for sustaining, obtaining continuations thereof, or reissuing from the Patent Application and foreign counterparts and for maintaining and perfecting the Assignee's rights to the Patent Application, particularly in cases of interference and litigation.

4. All information relating to the Patent Application is confidential information owned by Assignee ("Confidential Information"). Assignor may not use the Confidential Information except for the benefit of Assignee. Assignor will protect the Confidential Information from disclosure with at least the same degree of care as that which he accords to his own proprietary information, but in no event with less than reasonable care. Assignor may not disclose the Confidential Information to third parties. The foregoing restrictions will not apply to (i) information that is in the public domain prior to the date hereof or becomes public hereafter through no fault of Assignor; (ii) information provided to Assignor by a third party who is not in violation of a duty of confidentiality with respect to that information; or (iii) information approved for release by Assignee. Any breach of these restrictions will cause irreparable harm to Assignee and will entitle Assignee to injunctive relief in addition to all applicable legal remedies.

5. Assignor also hereby authorizes the Commissioner of Patents to issue any and all Letters Patent which may be granted upon the Patent Application herein referenced to Assignee, as the assignee to the entire interest therein.

6. This Assignment will inure to the benefit of and bind Assignee and Assignor and their successors, assigns, heirs and legal representatives. This Assignment will be governed by the laws of the State of California without giving effect to that jurisdiction's choice of law principles. The parties agree to the jurisdiction and venue of either (a) the Superior Court of the State of California located in Santa Clara County and United States federal courts sitting in the Northern District of California or (b) the state District Courts in the State of Texas located in Dallas County or the United States District Court for the Northern District of Texas. Each party to this Agreement agrees to bring such action only in such courts.

IN WITNESS WHEREOF, this Patent Assignment is executed at San Jose, California, as of this 7 day of June, 2001.
